## VERSE 1:

**D G D/F# G Asus A**  
I have walked this road alone, tried to make it on my own

**G**  
I need You

**D G D/F# G Asus A**  
Then You took me by the hand, You were there to help me stand

**G**  
I need You

**Asus G**  
Just one touch from You, I've never been the same

**Bm Asus A G**  
Here I am again, I'm calling out Your name... Oh, Jesus

## CHORUS:

**D A G A**  
I need You, like the desert needs the rain

**G A G**  
Washing down on me again. I need You

**D A G A**  
I need You, in a dry and thirsty land

**G A G**  
Come and fill my life and then, make me new

**D/F# G D/F#**  
I need You, I need You

## VERSE 2:

In the darkness, in my fear, when the fire's drawing near  
I need You

In the sun and in through the storm; when I'm distant, when I'm home  
I need You

It's in my weakness that Your strength rescues me  
So let my weakest cry be strong so I can sing... Oh, Jesus
